

TE2141 Thermocouple barrier terminal strips

Application	
Design	For use in terminal boxes and behind panels, for connections of thermocoupleand RTD circuits
Construction	
Body	Glass filled nylon material
Barrier	Barrier between each terminal to prevent unintentionally short circuit
Wire size	
Accepts wires	From 0,2mm to 3,0mm
Temperature rating	
Temperature limit	Maximum 200°C
Color code	
	None
Marking	Stamped thermocouple callibration code into each contactplate

Ordering code

*This datasheet is purely indicative, build-up of model code may vary from this datasheet.
